

November 2025 Monthly Data Update

Balance of State Continuum of Care

(11/1/2025 through 11/30/2025)

1,010 People

Entered

Coordinated Entry

150 First Time

Homeless

(in Emergency Shelter)

130 Moved-In

(from Rapid Rehousing)

431 Retained

(in Permanent Supportive

Housing for 985.0 days

on average.)

Clients served

excluding coordinated entry...

4,181 people total, were served

across all program types.

910 people entered service.

120 returned from a 'permanent' exit.

147 cited eviction as the reason they

needed service.

2,310 people in service faced a

permanent disability affecting their

housing stability. 1,323 people in

service had earned income.

Emergency Shelter (1,310 people served)

571 people entered (531 people exited)

Outreach (627 people served)

54 people entered (35 people exited)

Prevention (532 people served)

106 people entered (102 people exited)

PSH (437 people served)

11 people entered (12 people exited)

RRH (1,509 people served)

188 people entered (63 people exited)

616 Seniors

55+

2,799

households

(940 families and

1,827

unaccompanied)

199

Transition Age Youth

(18-24 years old)

294

Veterans

Household Typology	People accessing Services	Households	People Included in Household	Children Under 18	Youth 18-24	Adults 25-54	Adults 55+
Indeterminate	20	19	1.1	0	0	0	0
Adult & Child(ren)	1,848	672	2.8	1,148	62	616	21
Only adults	1,958	1,832	1.1	0	26	1,330	595
Child only household	101	71	1.4	101	0	0	0
Transition Age Parenting Youth	141	66	2.1	79	62	0	0
Transition Age Youth	141	139	1.0	0	141	0	0
Grand Total	4,181	2,799	1.5	1,310	285	1,942	616

OUTCOMES:

336 people found housing

(Either exited to a permanent housing destination or moved into housing from a rapid rehousing program.).

Successful Housing Outcomes

33 Seniors 55+

75 Households

86 Unaccompanied

Moved in with family or friends (41)

Moved into rapid rehousing (131)

Rental by client (167)

10 TAY

(18-24 years old)

22 Veterans

## HMIS

The Homeless Management Information System (HMIS) is a federally mandated database used to assist in delivering assistance to people experiencing housing instability. To learn more about HMIS visit our website: <https://www.icalliances.org>

## Households

Though most demographic details are captured on the client level, some reporting is on the household level. When this report references households, those households contain one or more people. Indeterminate household types have missing age values for one or more members.

## Program Types

Program types organize HUD funding by sets of shared conditions and common obstacles to stable housing. Outreach is for client sleeping in places not meant for human habitation, including tents and cars. Emergency Shelter is short term, typically fewer than 90 days. Prevention is an intervention to create stability before shelter is necessary. RRH (rapid rehousing) is short term assistance to quickly house. PSH (permanent supportive housing) is long-term assistance for people with permanent disabilities.

## Entered and Exited

In the HMIS system, a client and their accompanying household are enrolled, or 'entered', into a program, at which time the household's most up-to-date information is collected. Data is collected again when a client leaves, or 'exits' a program. For some program types, data is also collected in the middle of their enrollment.

## Retained

The goal for the PSH program type is that people entered into the program retain PSH programming. To that end, the longer average retention, the better.

## First Time Homeless

This HUD HMIS metric refers to the number of clients who had their first ever interaction with a program to address homelessness, or the first interaction after a period of two years during which there were no interactions. Somewhat unintuitively, we prefer this number represent a high proportion of the clients served, as the goal is for homelessness to be one time, and brief.

## Veterans

People who served in any branch of the United States armed forces are identified as veterans and have access to additional resources through Veteran Affairs.

## TAY

or Transition Age Youth

TAY refers to people 18-24 years old (who are sometimes accompanied by dependent minors) for whom specialized programming is available to address deficits in their home-situation before experiencing instability. The TAY youth in this report also include youth who are currently experiencing instability. TAY are sometimes accompanied by the dependent minors of those youth, in which case they are 'parenting youth'. Specialized programming is available to address deficits arising from instability during the childhood of TAY, or from their home-situation before experiencing instability.

## Found housing

If a person exits a program to a destination that's considered both positive and permanent – such as their own apartment, or moving to live with a family member permanently – then they will be reflected here. Permanent exits are the best possible outcome from any program. This metric includes people who move into housing from RRH and are still, since these clients have achieved housing during this month even if they are not exited.
